○ CORE SIZES

Uni-Pro roller covers are available in a variety of core sizes and types, tailored to suit all paint projects large or small.

Mini core

Available in 100/160mm on all fabric options. For use with the 100/160mm slide-on mini roller frame.

Mini jumbo core (100/160mm)

Available in selected fabrics. For use with the same 100/160mm frame, the larger diameter core size means you get improved coverage.

Standard core (75mm to 460mm)

Available in selected fabrics. For use with cage roller frames (460mm size roller covers require an adjustable yoke frames).

“MINI ROLLERS ARE THE PAINTERS BEST KEPT SECRET FOR ACHIEVING A PROFESSIONAL FINISH.”

BENEFITS OF USING MINI ROLLERS:

- ✓ Lightweight for greater accuracy
- ✓ Easy to use, perfect for small areas
- ✓ Wide range of fabrics for every job
- ✓ 2 & 10 pack refills available in all varieties

PERFECT MINI ROLLER ACCESSORIES

Our innovative range of accessories is designed to make your painting projects easier to achieve professional results, saving you money and time whilst adding value to your painting project.

○ MINI FRAMES

100/160mm micro frames are available in both standard and a long reach option if you don't have an extension pole. The handle is made from heavy duty plastic that is contoured for a natural feel, extra comfort and durability. The threaded handle fits all standard extension poles. Suitable for use with all paints and are easy to clean.

○ MINI TRAYS & POTS

These trays and paint pots are the perfect accessories to use with mini rollers. The lightweight but robust and durable solvent-resistant plastic construction makes these accessories easy to use, quick to clean (especially as a number have disposable liners), and are affordable in achieving a professional finish, time after time.

100/160mm trays, made from 100% recycled plastic, are solvent resistant and suitable for use with all paints. These trays also feature a brush holder at the top of the paint tray. Tray liners are ideal for quick colour changing and waterless clean-up.

**Liners available for 100mm mini roller tray.*

Mini roller paint pots are ideal when using both mini rollers and brushes. These pots are comfortable to carry while painting and hold over 1.2 litres of paint. Solvent-resistant and are suitable for use with all paints/coatings.

**3 pack liners available for the mini roller paint bucket.*
